Paragraph

**Question:** What is a paragraph?

**Answer:** A paragraph is a group of sentences that tell about one thing and usually have a topic sentence, detail sentences, and a closing sentence.

**Gesture:** Hold out one hand (the bottom bun of the hamburger). With the other hand, pretend to place lettuce, cheese, tomatoes, etc… onto the first hand (the details of the hamburger). Finally, use the second hand to hold it all together. Take a bite and enjoy.

**Examples:** Write sentences onto 7 different sentence strips with 5 sentences forming a paragraph and two sentences completely unrelated to the topic. Have a clear topic sentence and conclusion and supporting details. Display all the sentences on the whiteboard and have students try to identify the topic sentence. Together with the class, determine the proper order to arrange the sentences and identify the two unrelated sentences and discard them.
paragraph
Participle

**Question:** What is a participial?

**Answer:** A participle is a verb disguised as an adverb or adjective. It frequently ends in "ed" or "ing."

**Gesture:** Start off by doing the verb gesture, move your arms as if you are running, then waggle your finger NOOOO. Instead do the adjective gesture and flex your bicep and squeeze it with the other hand.

**Examples:** The *running* water provided a perfect backdrop for the wedding. The *driving* rains forced people indoors. The pilot kept the plane in a *holding* pattern. The class could easily hear the *barking* spider at the front of the room.
participle
Passage

Question: What is a passage?

Answer: A passage is a short piece of written work.

Gesture: Open your hands as if holding a book, then pull out a paper from the book to read.

Examples: Ask students to answer yes or no if each example is or is not a passage.

1. Short story in a magazine (yes)
2. Definition from a dictionary (no)
3. Entries in a thesaurus (no)
4. Newspaper ad (no)
5. Newspaper article about schools (yes)
6. Story about George Washington (yes)

Phrase

Question: What is a phrase?

Answer: A phrase is not a sentence, but a sequence of words intended to have meaning.

Gesture: Hold your arms stretched out wide, then move your hands in to show a phrase is a sequence of words within a sentence.

Examples: Write the following on the board and ask students to identify which ones are sentences and which ones are phrases.

1. Follow your heart (phrase)  
2. Never surrender (phrase)  
3. You are invited to join us (sentence)  
4. Until the end of time (phrase)  
5. The two friends shook hands (sentence)  
6. The person in charge (phrase)
phrase
Plot

Question: What is a plot?

Answer: A plot is a literary term defined as the events (or ingredients) that make up a story (recipe).

Gesture: Pretend to reach out and gather items together and then reach out, palms up, with the edge of your hands together as if presenting something to someone.

Examples: Write the following items on the board and have students determine and categorize which ones are elements of the plot and which are not into two different lists. If the students are already familiar with characters and setting, have them categorize the items into three columns, one for each.

meteor strikes the earth  talking dog  island  robot
traveling through time  winning touchdown  girl is rescued  dog catcher
boy goes to space  playground  ancient Egypt  princess

## Preposition

**Question:** What is a preposition?

**Answer:** A preposition is a part of speech that indicates the relationship, often spatial, of one word to another. The ball is *next to* the box. The ball is *behind* the box. The ball is *inside* the box.

**Gesture:** Make one hand a fist to represent a ball and the other hand out, palm up, to represent a box. Move the ball around the box in different areas.

**Examples:** Using a box, or another type of container, hold a ball in differing positions and have students state the "position" of the ball in relation to the box/container. Project or write this sentence frame several times (The ball is __________ the box.) and fill it in each time they give the new "position" of the ball each time you move the ball (red).

- The ball is *inside* the box.
- The ball is *underneath* the box.
- The ball is *to the left of* the box.
- The ball is *over* the box.
- The ball is *behind* the box.
- The ball is *in front of* the box.
